---

Dear Hiring Manager,

I have completed my degree in Master of Data Science and wanted to bring the energy and commitment necessary to thrive in your institution's innovative environment. I am excited about this opportunity to join your team and make an excellent start for my career. I am a fun-loving, engaging, and friendly person and have a strong desire and willingness to learn new things utilizing my good time management qualities and excellent communication skills.

I possess a unique talent for translating highly complex technical information into terms and concepts that the end-users can readily grasp. Furthermore, I am multi-task oriented, enjoy a challenge, and continually stay abreast of the latest advancements in the IT field.

I have completed an internship with CODEGYM, where I worked on Microsoft Azure Machine Learning for model building and prediction; and PowerBI for visualization. In my Master's project, I have worked on developing an application using HTML, CSS, and PHP. In my Bachelor's project, I worked on an IoT-enabled smart switch.

I have also worked as a Software Engineer in Appristine Pvt.Ltd, where I worked on a UWP and Android application for hosting meetings.

Apart from this I also have experience with Python, R, C#, Java, Kotlin, HTML, CSS, PHP, SQL, MongoDB, Tableau, PowerBI.

Thank you for your time and consideration.

Sincerely,

Omkar Pawar.  
Graduate student | Masters of Data Science.  
Deakin University
